Anaemia, segmental, mega-ileum presenting as, 417
Anaerobic paronychia, 420
Anaesthesia, general, treatment of anal fissure by lateral subcutaneous sphincterotomy under, 400
for inguinal hernia repair, ventilatory capacity after three methods of, 587
Anal carcinoma, management of, 287
fissure, treatment of, by lateral subcutaneous sphincterotomy under general anaesthesia, 400
fistulas in Crohn's disease, 525
pressure study, prospective, in Lord's procedure for haemorrhoids, 729
sphincter musculature, physiological studies of, in faecal incontinence and rectal prolapse, 531
Anastomosis, gastrointestinal, modified circular stapler for, 132
ileorectal, prognosis of, in Crohn's disease, 7
low colorectal EEA-stapled, integrity of, 539
stapled, 333
staple gun, with mesocaval shunt, comparison with oesophageal transection in acute treatment of haemorrhage from oesophageal varices, 734

gas gangrene in, 38
Anorectal melanoma, 667
Anorexia nervosa, acute vascular compression of duodenum in, 665
Antibiotic, prophylactic, penetration of, into peritoneal fluid, 314
Antidiuresis, postoperative, influence of high and low sodium intakes on, 639
Anus, basal cell carcinoma of, 856
Aortic aneurysms, abdominal, computed tomography (CT) of, 47
Aorto-iliac disease, assessment of, by non-invasive quantitative Doppler waveform analysis, 789
occlusive disease, correlation of Doppler-derived high thigh pressure and intra-arterial pressure in assessment of, 423
Appendicitis, acute, and torsion of left testis, lymphangioma of pancreas masquerading as, 799
viscid faecal masses and, 177
perforated and gangrenous, delayed primary wound closure in, 635
Yersinia and viruses in acute non-specific abdominal pain and, 284
Appendix, endometriosis of, 121
Aprotinin (Trasylol), intravenous, effect of, on intraperitoneal adhesion formation in rat, 59
